SUSTAINABLE COCKTAILS

While the Attenborough effect is in full swing for the war on plastic, here at Ludlow, we thought we'd take an even bigger stand. Bars, and cocktails result in a mass amount of wasted produced from unwanted scraps of various citrus and other fruits. Food waste emits the same, if not more CO2 emissions than cars. Our goal at Ludlow is to prove that what traditionally is discarded by most cocktail bars can be transformed into drink-able works of art. Our creative bartenders have designed these two unique cocktails with ingredients that may normally be overlooked.

Ludlow are proud to support the Yarra Riverkeeper Association. \$1 from each Sustainable Cocktail sold is donated towards helping keep our Yarra River healthy, protected and loved.
